

Come Grow With Us This Fall!

Tuesday, September 8, 2009 kicks off our 2009-2010 school year. We will be continuing our curriculum that allows infant through school age children to fully explore their environments to learn and grow developmentally.

Here are some exciting aspects to our program!

- Baby signs for infants and toddlers to promote communication and language development.
- Individualized lesson plans for infants
- Home cooked meals
- Full preschool program that includes language, math, reading, Spanish, social studies and yoga.
- Zoo Phonics reading program – It's a fun and exciting reading program that teaches letters, sounds, sound combinations and words with the use of animals.
- Parent Teacher conferences in the fall and spring.
- Special activities and events planned monthly for parents and children.
- Extra-curricular activities in dance, music, computer, Spanish and karate
- A clean and safe environment with an abundance of toys and equipment to promote learning and development.
- Dedicated and highly trained teaching staff that give each child individualized attention.
